Skirt Styles

The 190 Table has only two skirt options. All 190 tables with 30" table height have a minimum skirt height of 24". 190 Tables have no edge options.

Table Sizes

Size	Width	Length	Btw Legs Side	Btw Legs End	Drawleaf Size	Extended Length
54	36"	54"	40 1/4"	25 1/2"	16"	86"
60	40"	60"	46 1/4"	29 1/2"	16"	92"
72	42"	72"	56 3/8"	30 1/2"	20"	112"
84	44"	84"	68"	32 1/2"	20"	124"

Leg Options for 54" & 64" Tables

Leg Options for 74" Table

Easily extend your tabletop without removing items from your tabletop. One person can easily and quickly pull out the leaf stored beneath the table top. The leaf rocks back and slides forward to interlock with the tabletop.

FINISHES & SPECS

Seaside Paint Finishes

Seaside paint finishes give a clean and modern look to a piece of fine furniture. This paint finish is smooth with no distressing and the same paint coverage all over.

The color swatches below are a representation only. See a dealer showroom for actual finish samples.

#71 Snow

#75 Sky

#76 Raindrop

#77 Turquoise

#78 Sailboat

#87 Bright Red

#88 Mint Grass

#89 Avocado

#90 Moonbeam

Heritage Stain Finishes

Heritage finishes are distressed with worm holes and dings. The wood is then stained and glazed to accent the piece. All furniture products are available

in the Heritage finishes. Colors shown should be used for guide purposes only. See dealer showroom for finish sample board.

Coal {Maple}

Heritage Paint Finishes

Heritage finishes are distressed with worm holes and dings. The paint lacquer is applied, rubbed through or glazed to accent the piece. Only painted Cherry & Maple give the look presented on these

paint chips. Oak wood allows the grain finish pattern to distinctively show through the paint finish. Colors shown should be used for guide purposes only. See dealer showroom for finish sample board.

Renaissance Finishes

The Renaissance finish category is another sophisticated group of finishes. Every detail from the distressing, to the depth and patina of each color, including the high sheen of the catalyzed finish gives a “renewed look” that each

piece of furniture deserves. Colors shown should be used for guide purposes only. See dealer showroom for finish sample board.

Stonework {Oak}

Nautical {Maple}

Palm {Maple}

Level 1&2

Antiquity Stain Finishes

The character and wear of generations of use is captured in the Antiquity Finishes. This is accomplished in a 16-step studio style finish process. Each piece is scraped, distressed, and softened with sanding to simulate years of wear. Glazing and hand burnishing highlight the character of the distress marks and the natural beauty of the wood. All the Antiquity finishes are coated with catalyzed finish and hand waxed. Please note, there are 2 levels of distressing in the Antiquity Stains. Any Antiquity Stain finish can be selected in Level 1 or 2.

Antiquity Level 1: This is the overall lighter distress level and does not have simulated cracks. This level has worn edges, tear outs, gouges, dings, wormholes, and non-physical distressing within the finish layers. Colors shown should be used for guide purposes only.

Antiquity Level 2: This level of antiquity has simulated cracks, worn edges, tear outs, gouges, dings, wormholes and non-physical distressing within the finish layers. Colors shown should be used for guide purposes only.

Teak {Cherry}

Sahara {Maple}

Marina {Maple}

Antiquity Paint Finishes

The distressed wood and color of Antiquity Paints is designed to complement the Antiquity Stains. Each piece is distressed in the same manner as the stained finishes but given several layers of color to highlight the natural wear from years of use. It is then coated with catalyzed finishes

and hand-waxed. Only cherry and maple (not available on most SKU's) will give the same effect as the samples. Oak wood allows the grain patterns to distinctively show the paint finish. Colors shown should be used for guide purposes only.

Antiquity Weathered Finishes

Weathered antiquity represents years of elemental exposure. As the sun, the sea, and the sand form the character of a branch on the beach, so these finishes present the simulation of natural weathering on cherry

wood. Each piece is unique and chosen to be "one of a kind." Make your choice of color broad with the natural beauty of the Weathered Antiquity variation.

Furniture Options

Seat Options

CHAIRS WITH NO LETTER APPENDED HAVE NO SEAT OPTIONS.

W {Wood Seat}

The wooden "W" seat option on frame chairs is by far the most durable seat option.

U-1 {Fabric Seat}

The "U-1" fabric seat option gives many options of color and texture for your chair seats. You can also provide COM or COL.

U-2 & U-3 {Leather Seat}

Standard Leather "U-2" is a medium grade leather. Premium Leather "U-3" is premium grade aniline imported from Europe.

F {Fiber Seat}

The fiber "F" seat option is a handwoven paper twist.

ZIMMERMAN CHAIR

FINE FURNITURE MAKERS

Furniture Care

Zimmerman Chair applies a quality catalyzed finish to all paint and /or stain wood finishes on all of the products. Each tabletop receives extra care and an extra coat of finish in the finish process to provide optimum durability throughout the years.

This finish has been tested to resist spills and stains from a wide variety of household chemicals, including water and household ammonia. These tests were performed with 24 hour contact and no affect on the finish. Hot liquids and objects should not contact the finish surface directly. Use place mats, pads, and coasters to protect the finish on the tabletops. Heat can quickly discolor the fine finish on your furniture.

!!!!Important!!! For the first three months of use, give extra care to protect your table from moisture and abrasion till the finish is fully cured. Do not use any furniture polish or furniture treatment on your tabletop for the initial six months of ownership.

You can clean your table anytime with a warm, soapy, damp cloth gently applied to the surface. After the catalyzed finish has reached its full potential of hardness at six months, the periodic use of high quality non-silicone and non-citrus furniture polish is recommended. Zimmerman Antiquity finishes are hand rubbed with a wax on top of the catalyzed finish. This finish can be cleaned with a damp, soapy cloth and then buffed with a soft, clean cloth to return it to full, clear sheen.

Solid wood is a natural fiber. Therefore it will shrink and swell with the seasons. Take care not to expose your heirloom furniture to the extremes in temperature and humidity. Season cracks may appear if humidity is not maintained at 30-40%. Do not expose directly to sunlight and heat sources. Tabletop joints between leaves will gap slightly in the center or edges depending on the humidity of the season.

Solid wood changes color over time under normal conditions of light exposure. Lighter finishes are the most vulnerable to this wood darkening, so move table decor around periodically so silhouettes do not appear on the tabletop. With proper care, your solid wood Heirloom will give you service and satisfaction for years to come.
